## FINAL PLANS MADE FOR '67 CONVENTION

The Milwaukee Numismatic Society has made final plans for the N.O.W. Convention, which will be held June 10 and 11 in the War Memorial Center. The doors will be open from 9 a.m. to 9 p.m. Saturday and from 10 a.m. to 9 p.m. Sunday.

## BOURSE

30 dealers have reserved tables for the show. They range from Florida to Canada, so a collector can expect to find whatever he wants.

## REGISTRATION

Everyone is encouraged to register as he enters. For only \$1.00 they will receive the convention medal, an identification badge and other handouts about the city of Milwaukee.

## MEDALS

In addition to the bronze oride medals, there will be a nickle silver medal at \$2 and oxidized silver at \$3.00. These are available in limited quantities and therefore you should get yours early. If you previously started a set of N.O.W. convention medals and won't be able to make the show, you'd better have a friend pick them up for you.

## EXHIBITS

Among the non-competitive exhibits will be the J.V. McDermott 1913 Liberty Nickle. This may be the last time Wisconsin collectors will see this coin since it will be sold in August at the A.N.A. show.

For competitive exhibits, there is a limit of 3 cases for each exhibitor so that a larger number can participate. There will be no categories and exhibits will be judged on N.O.W.'s point system. The trophies are a beautiful blue and gold, ranging from 13 inches to 24 inches high. There are eight sets in 3 sizes plus the Best in Show for a total of 25 trophy awards.

The 1967 Convention Medal portrays the official seal of the city of Milwaukee. The other side is the N. O. W. design showing the outline of the state of Wisconsin around a badger.

## HOSPITALITY ROOM

The Whitman Publishing Company of Racine and the Milwaukee Club are hosting a hospitality room where the tired visitor may relax and enjoy coffee and donuts. A security room will be provided for the dealers.

## BUSINESS MEETINGS

There will be an N.O.W. Board of Governors meeting on Saturday, June 10th at 3:00 p.m. The annual N.O.W. meeting and election of officers will be held Sunday June 11th at 11:00 a.m. At 1:30 p.m. the Society of Odd & Curious Money will meet.

## SUNDAY BRUNCH

The convention breakfast will be held Sunday morning at 8:30 at the Ambassador Hotel, 2308 W. Wisconsin. Exhibit winners will be announced. Tickets are \$2 and will be available at the registration desk. Please pick up your tickets EARLY as Del Bertschy must know how many are attending. 1:30 Saturday is the deadline.

### TOURS

Saturday visitors may tour the Schlitz Brewery at 9-10-11 a.m. and 1:30-2:30 or 3:30 p.m. On Sunday at about 3:00 p.m. there will be a bus tour of Milwaukee. The highlight of this tour will be a stop at the Mitchel Park Conservatory within three glass domes which contain one of the world's best displays of flowers and plants. Fee for this last tour is only \$1.00.

There is plenty of day-round parking available in back of the War Memorial at only 25¢. This promises to be the best N.O.W. show to date. We hope you all will be able to make it. For further information contact General Chairman Gale Highsmith, 2825 S. Burrell Street, Milwaukee, 53207.

### BERTSCHY LEADS MEMBERSHIP CONTEST

It looks like Gordon Gill, Dick Anderson and Gene Johnson, who have been conducting a membership contest, now must catch up with Del Bertschy. Del at last count had signed up over 65 new N.O.W. members and he got another bundle of membership blanks at the last governors' meeting. Seems like he has "a few more prospects to talk to."

### INFLATION HITS N.O.W. - PAY DUES NOW AND SAVE \$1.00.

With the cost of printing and mailing our paper, the cost of coin cases and shippers, and a multitude of smaller expenses, we find that N.O.W. is spending as much (and sometimes more) money than we take in. The Board of Governors have found it necessary to raise dues to \$2 for the year June 1967 to June 1968. The new dues will take affect at the spring show in Milwaukee on June 10-11.

Until that date (June 10th-11th), dues are still \$1. Therefore- if you pay for your dues now you can save a dollar. Send your buck to Mrs. Robert Stratton, Box 71, Kenosha, Wis., 53141 before June 10. After that, it will cost you \$2.00.

### "UNOFFICIAL" CONVENTION CENTER!

Numismatists of Wisconsin wish to thank the management of the Plaza Motor Hotel for making a free room available for the meetings which were held April 16th. The hotel, located at 1007 N. Cass Street in Milwaukee, is a few blocks from this year's convention site at the War Memorial.

Attending the recent meeting in Milwaukee were: Bk.row--W. Spencer, J. Kroepfl, G. Johnson, R. Calkins, D. Anderson, G. Highsmith;- D. Bertschy, Mrs. Stratton, H. Jarvis, C. Heller, J. Medd & G. Gill. Taking the picture was Glen Williams. Absent were T. Fruit, H. Collura, M. Sherwin, V. Jackson and G. McHenry of the N.O.W. Board.

### N.O.W. GOVERNORS MEET IN MILWAUKEE

On April 16th two meetings were held in Milwaukee at the Plaza Motor Hotel. At the first meeting, members of the Board of Governors met with members of the Milwaukee Numismatic Society and discussed show plans.

At the second meeting, the N.O.W. Board and officers discussed the following:

#### Old Business

- 1) Lapel pins for N. O. W. membership. Tabled indefinitely.
- 2) Life membership discussed. Fee to be \$15. Further plans to be made later.
- 3) Del Bertschy to write the step-by-step procedure on producing N.O.W. medals.
- 4) Exhibit medal awards (instead of trophies) were tabled until the June N.O.W. show. Local die striking will be investigated.

#### New Business

- 1) For our state shows, the hosting club's general chairman and president of N.O.W. will select competent judges on the day of the N.O.W. show to grade and appraise exhibits.
- 2) The "no category" display arrangement will be used at the Milwaukee show, if well accepted, will be finalized at post show B.O.G. meeting.
- 3) In an effort to solidify our financial position, N.O.W. yearly dues were increased to \$2.00 per member. This will commence June 10th at our spring convention.

- 4) Minimum age of N.O.W. members shall be 11 years old. Those presentaly under age will be allowed to remain as members.
- 5) The possibility of using mail ballots for election of officers discussed.
- 6) It was decided to inaugurate another N.O.W. drive for the A.N.A. 250 club. Dick Anderson will have 200 blue on white pins made up for this purpose.
- 7) With another A.N.A. drive to be made at the Milwaukee N.O.W. convention, the secretary will be aided at the registration table by N. O. W. officers.
- 8) No "official" invitations were received for our 1968 show.
- 9) Special congratulations and recognition was given by president Gill to the following:  
Chester Krause - for his continued aide given to N.O.W. & N.O.W. News  
Gene Johnson & his committee - for research into the use of special medals as exhibit awards.  
Virgil Jackson - for his aide in incorporating N.O.W.  
Irwin Franzel - for labeling our coin cases and case carriers  
The Calkins - for continued efforts in bringing out N.O.W. News  
Secretary Stratton - for doing a fine all-around job  
Clayton High, Dick Anderson, Del Bertschy - for bringing so many new members into N.O.W.

#### TIDBIT

Governor Jim Kroepfl came over 300 miles to attend the B. of G. meeting in Milwaukee. That's dedication--and a good governor. He has recently talked on the history of American coins to the Fireside Club in Minocqua and to the Lake Tomahawk Parent-Teachers Community Club. He hopes there will soon be a coin club in Rhinelander or Minocqua.

#### ADS FOR N.O.W. NEWS

Anyone interested in running an institutional type ad such as appears on page 10 should contact Gene Johnson, 1921 Chase Street, Wisconsin Rapids. The rates are very reasonable and the ad will reach some 500 collectors in Wisconsin.

The new A. N. A. home and headquarters will be dedicated on June 10 at 2 p.m. in Colorado Springs. A special dedication medal has been struck and will be available to those in attendance.

This 39 m.m. medal will be issued in silver and bronze. The silver will sell for \$5 and the bronze for \$2. Write Am. Numismatic Assoc., Box 2366, Colorado Springs, Colorado.

#### A.N.A. PLANS FLORIDA SHOW

If you plan a vacation in Florida this year, you might well take it Aug. 8-12. The American Numismatic Assoc. will be holding its 76th annual convention at Miami's American Hotel in Bal Harbor, Florida. Five countries and 27 states will be represented among the 185 dealers.

#### A.N.A. BEGINS LIBRARY MOVE TO NEW HOME

The library of the American Numismatic Association, world's largest circulating numismatic reference library, is moving to the New ANA headquarters in Colorado Springs.

More than 4,000 books, 10,000 catalogs and 20,000 pamphlets were being packed for the move from Lincoln, Nebraska in early May. Shortly after, a new catalog will be published.

#### 1913 LIBERTY NICKEL TO BE SOLD

James Kelly of Dayton, Ohio, recently announced he has been consigned to sell the J.V. McDermott liberty nickel at the coming A.N.A. convention. The show will be held in Miami Beach, Florida, August 8-12.

#### GOVERNMENT CUTS SILVER SALES

The government will no longer sell silver to anyone but domestic concerns using silver in their business. At the same time it was announced that the treasury intends to use the powers given it by the Coinage Act of 1965. This act gives the Sec. of Treasury authority to prohibit or regulate the melting, treatment or export of any U.S. silver coins. All of the "collectors" who have been hoarding silver coins may find it difficult to legally make much profit on them. And to think the same amount of money invested in the bank would have doubled in value in about 15 years --- and been legal too. This silver problem is more than 5 years old. Will the price of silver really double in the next ten years? And will bootleg melting operations give full value to the hoarders even if silver does go up? Seems like the savings account could turn out to be a far better investment after all. (and it's legal too. To violate the Coin Act of 1965 can bring a fine of \$10,000 or 5 years in prison, or both.)

\* \* \*

A total of 718,935,000 cents have been struck the first four months of this year.

\* \* \*

The Treasury Department will not issue import permits for South African proof sets containing the gold coins because the gold coins do not have "exceptional numismatic value." This is a profound discovery by the Department because the past 14 years collectors have enjoyed collecting these sets. Perhaps more profound, because all current gold coins will probably be denied import to our "most free of all the nations."

#### 1967 SPECIAL MINT SETS

Shipments of 1967 special mint sets started during mid April. Reports are that these sets are of a significantly better quality than were those of 1965 and 1966. Up to 25 S.M.S. may be ordered at \$4.00 each from the officer in charge, U.S. Assay Office, Numismatic Service, 350 Duboce Ave., San Francisco, California, 94102

#### FISHING SEASON?

--- "Look at that farm kid over there. How in the world does he expect to catch these sophisticated fish with an old stick and wrapping twine? It's like trying to enjoy numismatics without a five figure income. It's like trying to collect pennies in a cigar box. It's like trying to get the most out of the hobby without mortgaging the farm. It's like --- Man!! Look at the size of the stringer he's toting."

"Hey, kid -- kid."

(Reprinted from Bob Poeschl's column in Numismatic News)

#### EDITOR'S LAMENT

Getting out a publication has its problems. If we print jokes, some readers call it kid stuff. If we don't others say we tend to be too serious and technical.

If we don't print every word of every contribution, we don't appreciate them. If we run them verbatim, the paper is filled with junk.

If we change the other fellow's copy, we are too critical. If we don't we are reproved for slipshod editing.

If we clip items from other publications we're too lazy to write them ourselves. Like as not, you'll even say we borrowed this one. You're absolutely right. We did!

Examining the mintmark on a photographic blowup of a Carson City dollar are Richard Yeoman, Whitman Publishing Company executive; Wis. Senator William Proxmire and Chet Krause, Iola publisher. These gentlemen met with Senator Proxmire in Washington and appeared before the Senate Banking & Currency Committee in support of re-establishing mint marks on our coinage. Sen. Proxmire is chairman of the Senate Banking & Currency Committee's Subcommittee on financial institutions.

#### NEW BILL INTRODUCED

Sen. Wm. Proxmire has introduced a bill which will allow the mint to adjust its coin production quickly without asking Congress for more money. In the past requests for funds have died with an adjourning congress despite the fact that the needed funds were approved. The Proxmire bill proposes that Mint operations be financed from an operating fund derived from coinage revenues and other sources. All expenditures of the Mint would be paid from this fund.

#### PRICE OF SILVER GOES UP

Although the price of silver from the government remains at \$1.29 an ounce, the price of silver futures on the New York markets now \$1.3935 an ounce. This is a record high quotation.

#### KEEP YOUR GOLD AT HOME

Visitors to Canada EXPO 68 are warned that both gold coins and gold coin jewelry worn into or out of Canada are illegal. Leave your gold coin jewelry at home and don't buy any in Canada.

#### MILWAUKEE MAN EXHIBITS AT BANK COIN CLINIC

N.O.W. governor, Del Bertschy, was one of a number of Wisconsin collectors who set displays for National Coin Week. He set up 3 cases of paper money and three cases of coins at the North Shore Bank in Shorewood near Milwaukee. The bank took a large ad in the local paper asking persons to bring in old coins for free appraisal. Del reports he was on hand during banking hours for the full week and he had lots of fun trying to answer all the questions.

This was the 5th year the bank has held a coin clinic. Incidentally, Del has signed up over 65 new N.O.W. members & 11 renewals.

#### MADISON CLUB MEMBERS DISPLAY DURING NATIONAL COIN WEEK

Six members of the Madison Coin Club set up exhibits at various banks in Madison during Coin Week. With president Peter Phillips doing the leg work, a number of exhibitors and suitable locations were arranged. Among those participating were Ronald and Phyllis Calkins, Gordon Gill, Gary Dvorak, Peter Phillips and Ruth Woddell. Members report that next year they have been invited back with bigger and better exhibits.

Paul G. Wendling of La Crosse is shown as he set up a coin display in the First Federal Savings and Loan Association for Coin Week. The exhibit, sponsored by the La Crosse Coin Club, featured U. S. and foreign coins, World War II German medals and paper money.

### PAST PRESIDENT KRAUSE TALKS

The annual banquet of the Fond du Lac Coin Club was held recently at Petrie's Restaurant in Fond du Lac. Principal speaker was Chester Krause, Iola, publisher of Numismatic News.

Krause, who was appointed by President John F. Kennedy to the 1961 Assay Commission in Washington, D.C., looked on 1967 as "a great year for us as coin collectors--it's a return to normalcy." He said the year marked the return to normal dating of coins.

Krause urged support of a bill now in Congress which would "restore mint marks to our nation's coins," because "it's a sacrilege to pick up a coin and find no Philadelphia mint mark." He indicated that Miss Eva Adams, director of the mint, "is very sympathetic to our cause."

The guest speaker said a movement is under way to celebrate the nation's 200 anniversary in 1976 with commemorative money.

He advocated that "the four great Americans on Mt. Rushmore" be pictured on the reverse side of the dollar bill, commenting: "Our dollar bill buys just as much if it has a big one on the back or a picture of Mt. Rushmore....70% of all our currency issued is of one dollar denomination...I hate to see a beautiful billboard like a one dollar bill go to waste when we could have a bit of Americana on it."

#### MILWAUKEE MAN GIVES MEDALS TO CLUB

Shown above are full-sized photos of the presidential medals. Astride Pegasus is a muse symbolic of poetic beauty. She holds a katanga cross, an ancient African form of money showing that numismatic strives forward and upward. The reverse bears an oak and laurel wreath, which represents leadership and achievement.

The presidential medals, given to the past presidents of the Milwaukee Numismatic Society are struck in sterling (925 fine silver) from dies with sand-blasted relief and highly polished background to maintain the high surface texture contrast of the 19th century proof coins. They are the effort of Gale Highsmith, president of the club.

About two years of work and many disappointing experiences were associated with the design and manufacture of the medals. A search of the U.S. turned up only two engravers willing to attempt the job. All those initially contracting to do the job found it was much more involved than anticipated. All dies were made at least twice and the obverse

die was re-worked many times to obtain the desired effect.

It was found that 14 strikings at 300,000 pounds pressure with intermediate annealings failed to bring up the high relief from the flat blank. Several strikings at 600,000 pounds failed to do the trick. Higher pressures broke the die. Finally when the striking was solved, microscopic imperfections in the surface of the blanks stood out like sore thumbs on the finished proof surface.

Gale, who had no previous experience, ended up doing most of the work himself. He finished the dies by hand, machined the surface of the blanks and operated the hydrolic press during the many strikings. The end result is truly magnificent.

Lucky recipients of these medals were Hubert Polzer, Harry Collura, Martin Zavis, Gale Highsmith, Ted Neitzke, Leonard McQuinn, Chas. Mayer, Robt. Kellner, Chas. Heller, Chas. Opitz, Walter Boeyer and Erwin Gerber.

Gale's next effort will be a medal commemorating the 400th meeting of the Milwaukee Numismatic Society.

#### "KENNEDY HALF OUTSIDE LOOKING IN"

At the recent Chippewa Valley Coin Show in Eau Claire a team of 10 "All American" coins was displayed. The display was to be of coin types currently in circulation and yet of high value.

Chosen for the team were a 1934S silver dollar, a 1916 Standing Liberty quarter, a 1921 S Walking Liberty half, a 1932D Washington quarter, a 1916D Mercury dime, a 1949S Roosevelt dime, 1918/7D Buffalo nickel, a 1939D Jefferson nickel and a 1914D Lincoln cent. The 10 coins have a combined face value of \$2.81, however, in uncirculated condition, they would be worth over \$8,600.

Club president, Don Johnson, explained that "since the Kennedy half has practically no premium value, it was left on the outside looking in."

#### NEW CLUB OFFICERS
